certified nwfa inspector

WHO IS THE NWFA?

The National Wood Flooring Association is a trade organization that promotes the use of wood flooring in residential, educational, and commercial environments, and provides members with the education and training necessary for personal and business success.

WHY SHOULD I CHOOSE AN NWFA CERTIFIED INSPECTOR?

- NWFA Certified Inspectors are committed to their career and to providing the best service for their customers, as evidenced by their involvement in continuing education opportunities.
- NWFA Certified Inspectors possess a higher standard skill and accountability. Prior to passing the NWFA Certification Test, individuals must complete hands-on installation and sand & finish schools through NWFA and have a minimum of three years of work experience installing and sanding & finishing wood floors.
- All NWFA Certified Inspectors are held accountable by the NWFA Code of Conduct and Complaint Process.

(YOUR NAME HERE)'S TRAINING AND EDUCATION:

- [Insert personal education background here.](#)

You can trust [\(insert company name\)](#).

"As I've continued my education with the NWFA, I've been able to become an NWFA Certified Inspector - my biggest business accomplishment. I am now able to go into any project and look at it from all sides. I know what should and shouldn't be done from the start which makes my knowledge and experience important to the end-user and makes our business more profitable."
